

Web Print Release: Locations

Web Print Release allows users to upload and submit their files to a **virtual print queue**. It can be released from at any one of the SVSU Campus Kyocera MFP locations without having to install print drivers.

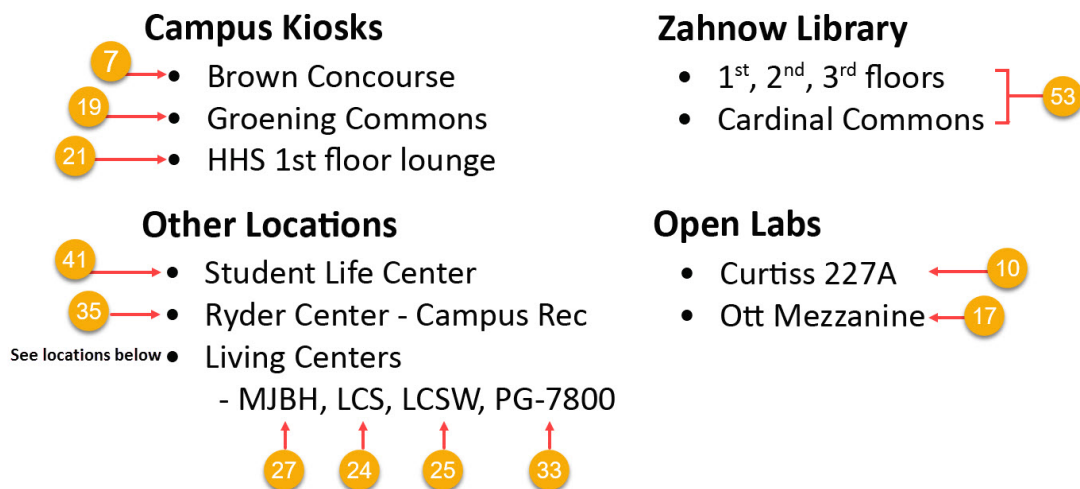

- Send a print job from a lab, personal computer, or smart device(s).
- Release the document at any one of the SVSU Campus Kyocera MFP locations.
- Only release documents when near a **“Web Print” Kyocera MFP printer** with card swipe.
- Print jobs are automatically purged after 24 hours.

Web Print is a virtual print queue. There is a file type limitation, please see the [Web Print Guide](#).

SVSU Campus Kyocera MFP locations

Submit your print job, then release it.

Refer to SVSU’s [Official Campus Map](#) for coded locations as shown below.

Need a specific print queue? Visit campus locations to release your print jobs, see the [Find-Me Printing Guide](#).
